**Sembawang Engineers and Constructors clinches a project to construct new  
Prison Headquarters for the Changi Prison Complex**

**Singapore, 10 December 2012** – Sembawang Engineers and Constructors (Sembawang), the delivery arm of a project underwriting company and a Punj Lloyd Group company, is pleased to announce that the Singapore Prison Service has awarded it a major contract worth S\$118.5 million to construct the new Prison Headquarters of the Changi Prison Complex. The Singapore Prison Service is a government agency under the purview of the Ministry of Home Affairs. As a key member of the Home Team, its responsibilities encompass the safe custody, rehabilitation and aftercare of offenders, and provide preventive education.

The scope of work includes the construction of four buildings and several ancillary buildings, substantial earth works with retaining walls, road widening and external works. The project will be executed over 24 months.

**Richard Grosvenor, President & CEO of Sembawang, said:** *“We are delighted to win this project. Sembawang, with extensive experience in building complex landmark structures, will be able to deliver the new Prison Headquarters to support the Singapore Prison Service in helping inmates to turn over a new leaf and reintegrate into society after their release.”*

When completed, the new Prison Headquarters will provide office facilities, a multi-purpose hall, club house and an auditorium.

Press Release Issued by Sembawang Engineers and Constructors Pte. Ltd.

## **About Sembawang Engineers and Constructors**

Sembawang Engineers and Constructors Pte. Ltd. (Sembawang) is one of the leading engineering, procurement and construction groups in South-east Asia. Sembawang has a global presence, with offices in Malaysia, Indonesia, the Hong Kong SAR, the People's Republic of China, India, the United Arab Emirates, Bahrain and Australia.

Sembawang specialises in handling a diverse spectrum of technologically challenging and complex projects in the niche areas of mega infrastructures, high-rise buildings and utility works, such as power and water plants. The group has world-class competency across a full range of engineering disciplines and is an established leading turnkey contractor capable of providing technology-based solutions and quality products and services. It is also able to undertake projects under the build-own-operate and the build-own-operate-transfer bases.

Sembawang is a subsidiary of Punj Lloyd Limited, a leading engineering and construction group based in New Delhi and listed on the National and Bombay stock exchanges of Mumbai. The Punj Lloyd Group, with a global network spanning five continents, provides integrated design, engineering, procurement, construction and project-management services for the energy, infrastructure and petrochemical sectors.

## **Expertise and Accomplishments**

Sembawang has received many accolades for its projects across Asia Pacific and the Middle East. It has been involved in many projects and has played a key role in the national development of Singapore. This includes the construction of Singapore's Changi International Airport, the Mass Rapid Transit Systems, the Light Rail Transit Systems, iconic buildings, leisure and industrial developments.

Landmark projects include:

- Singapore's Marina Bay Sands and Resorts World Sentosa integrated casino resorts, Singapore
- Kallang Paya Lebar Expressway, Singapore
- Changi Water Reclamation Plant, Singapore, one of the world's largest waste-water complexes
- Bayfront MRT station (Downtown Line Stage 1) in Marina Bay, Singapore
- Jumeirah Islands Villas, a high-end residential project, Dubai
- The Exchange, a mixed commercial development in Tianjin, People's Republic of China.

Sembawang has won recognition from various industry authorities and has an established integrated Health, Safety, Environment and Quality system recognised by the Building and Construction Authority of Singapore and TUV SUD PSB Certification. Sembawang has been certificated to ISO 9001 (Quality), ISO 14001 (Environmental), OHSAS 18001 (Safety).
